Our curriculum is designed to provide a nurturing and enriching educational experience that is guided by our unwavering commitment to the vision of Learning, Caring & Achieving Together. We believe that education is a journey where children, staff, and families come together as a community to nurture the holistic development of every child. Our curriculum intent is rooted in the core values of friendship, courage, curiosity, respect, kindness, and ambition that underpin everything we do. We aim to develop well-rounded individuals who embody these values and who are prepared to make a positive impact on the world around them.
